

研究生复试的英语自我介绍参考范文

研究生复试自我介绍一：

Good morning. I am very glad to be here for this interview.

First let me introduce myself. My name is __姓名__, and my English name is __英文名__. I've finished my undergraduate education in __本科院校__ University, Majoring in __本科专业__.

I am open-minded, willing and have broad interests like __兴趣 1__, __兴趣 2__ and especially in __你的专业技能 1__. For example, during the past four years, I have accomplished __你的小作品__: one is ____, and the other is __.

Furthermore, I am interested in __你的专业技能 2__. In __时间__, I finished my graduate project with __你的大作品__, which was __一句话描述这个东西__. Although I have broad interests in many aspects and grasp the essential knowledge of the major, but I think at present, I can do many things in a superficial level, but not be competent to do things professionally owing to lack of ample knowledge and ability. So I think further study is still urgent for me to realize self-value.

The major that I hope pursue for my further education is __目标专业__. Because I find __你专业出来是做什么的.这里就写什么__ are playing a more and more important role in our modern society. And nowadays in China, with the recognition by the government, our domestic __你专业出来是做什么的.这里就写什么__ industry is growing rapidly and that may provide a lot of chances to us.

I plan to concentrate on study and research in this field in my graduate time. And I hope I can form a systematic view of __你的目标专业__ and make a solid foundation for future profession after three years study here.

OK, that's all. Thank you very much. (360words)

研究生复试自我介绍二：

Hello, Dear teacher ,my name is xxx,Thanks for giving me this chance to intrduce myself. It's a great honor.(开篇)

First I'd like to go over a little bit about myself , I'm a student of industrial design in our school and participated in the excellent student program. I scored xxx in this post graduate entrance examination.(介绍自己的分数之类, 让老师初步有些印象)During the undergraduate period, I studied lots of different lessons. For example, design performance, design management, product design...But basically all these are fundamental lessons.In this year, I'm trying to learn about data analysis,which will play an important role in my data research. And recently I am listening to a radio program-power radio. This radio is a group of students studying abroad to talk about the design of foreign knowledge and process what happens in the fun.(介绍自己大学生活以及爱好)

Moving on the reason why I want to study in our school. This is something I've been planning for a long time.(讲述为什么报考学校)

For the last two years, I've been thinking about thinking about work or going on studying, to thinking about what kind of person I want to be in the future, and what kind of thing I want kind of thing I want to do in the future. Finally, I found this. First, I love my major, industrial design plays an important part in our life. And it always connects and creates new things, which makes me very interested in it. And I wanna explore more deeply in industrial design. Next, I love the feeling in our university, it's full of youthful spirit. And I am deeply attracted by the scholarly atmosphere. Our school has a very good reputation and shows great respect for knowledge. Most importantly, the college of art and design has the most talented professors and most hard working students. So, Here I am.

That's all, thanks you for your attention. (结尾)
